[Tal-Or Cohen Montemayor, Adv.](#), is the founder and CEO of [CyberWell](#) – an independent nonprofit that develops antisemitism compliance solutions for social media companies and big tech. In 2022, Tal-Or founded and launched CyberWell, the first ever open database of online antisemitism in multiple languages – available at app.cyberwell.org. Today, CyberWell is a Trusted Partner of all major social media platforms, leveraging data and technology in order to close enforcement and policy gaps online and in digital platforms.

Mrs. Cohen Montemayor has led various open-source intelligence projects and is an expert in online antisemitism, hate speech policies, and extremism. She has spoken at major events, including the US State Department’s Symposium on Collaborative Action against Online Antisemitism, the Eradicate Hate Global Summit, Tel Aviv University’s Cyber Week and more.

Cohen Montemayor’s work through CyberWell and writing have been featured in publications like USA Today, Wired, Axios, The Telegraph, Rolling Stone, National Post, The Jerusalem Post, and Politifact. In 2025 Tal-Or was the Loebenberg Illuminate and Advocate Award Recipient, honored by the Florida Holocaust Museum for her work with CyberWell. A magna cum laude graduate of Reichman University, Mrs. Cohen Montemayor is also a member of the Israel Bar Association.
